

# WIRE ROD

Vedanta is one of the leading wire rod manufacturers in the world with state-of-the-art Continuous Properzi & South wire Mills facilities, committed to manufacture products meeting world class quality standards. Both the mills are fully equipped with in-line degassing and filtration systems to ensure good internal metal quality and cleanliness.

The chemical composition is ensured using state of art spectrometers. Experienced professionals test mechanical properties and conductivity using most modern equipments in a highly equipped laboratory.

Type	Description
Rod diameter	9.5mm, 12mm, 13mm, 15mm
Rod Tolerance	+/- 0.5 mm
Inner Diameter	550 mm, 560mm, 570 mm, 700 mm
Outer Diameter	1380-1700mm
Weight per coil	1.8 -3.0 Mt
Packing	PET Straps / HDPE Covering / wooden saddle / edge cover with flute board Options for customised packaging available.
Identification	10 digit bar code on each coil
Alloy variants	1xxx, 6xxx
